Attest

W W Langdon Town Clerk

Sandisfield Mass, Oct 24th 1892

This may certify that we the undersigned owners of adjoining land have this day measured and divided the line fence between our respective farms situated in the town of Sandisfield Mass and find the same as follows:

That there is in the whole length of fence 169 rods and 16 links one half of which is 84 rods and $20\frac{1}{2}$ links It is the understanding of this division that Webster and Skilton shall have that half (84 rods and $20\frac{1}{2}$ links, Beginning at the Road between the house of John Rood and the house lately occupied by Mrs Newton Thompson where the line fence comes to said road and thence following said fence 84 rods and $20\frac{1}{2}$ links to a point a little West of the old unused road running across said farms when we meted (bound stakes and stones) on each side of the Stone Wall

And that John Rood is to have that half (84 rods and $20\frac{1}{2}$ links from these bounds to the line of land formerly owned by Mr William Welch

The understanding is that barbed wire is to be used in the construction and repair of said fence

John W Rood
Daniel Webster
T S Skilton

Perambulation of the Town line between Sandisfield and Tolland on the 21st day of October 1829
